

## A Word about the 2019 Port Perry Dragon Boat Festival Charitable Program.

The Port Perry Dragon Boat Festival provides vital support for both the Port Perry Hospital Foundation and Scugog Lake Stewards. Over the past four years, over \$150,000 has been raised for these two organizations, supporting the health and wellbeing of Scugog communities and visitors as well as Lake Scugog that sits at its heart. Funds raised are split 80% to the PPH Foundation & 20% to Scugog Lake Stewards.

**With a fundraising goal this year of \$35,000, we are depending on you!**

### PORT PERRY HOSPITAL *Foundation*

Funds raised through past Port Perry Dragon Boat Festivals have supported medical equipment in the New Life Centre, Emergency, and Surgery Departments, as well as a hospital-wide update to IV *Smart Pump* technology.

This year, funds raised through the Festival will help the hospital with medical priorities including cancer screening and surgical equipment, equipment used in emergency medicine, and much more.

The Scugog Lake Stewards are committed to protecting and improving Lake Scugog. Work includes restoring healthy shorelines, water quality research, dredging to improve lake usage, educating the community about their role in the health of the lake, and so much more.

With funds raised through the Festival, you will help to improve the quality of the lake for not only the plants and animals that call it home, but also for all our beautiful lake has to offer now, and for generations to come.
